

**Please join Life Science Cares to honor our partner organizations and celebrate our industry's commitment to ending poverty in our community.**

At the 2017 inaugural Impact Breakfast, we brought together 400 industry leaders and raised \$250,000 to fight poverty in greater Boston.

This year's Impact Breakfast will be bigger and better than ever! Network with 500 life science leaders, celebrate Life Science Cares' progress and learn more about our partner organization's work to eradicate poverty in Greater Boston.

All proceeds from the Impact Breakfast go toward LSC's grant program.

### About Life Science Cares

Life Science Cares is a collective effort of the life science industry to end poverty in the greater Boston area. We harness the human and financial resources of life science companies and industry leaders to support service organizations that do the best work in fighting poverty and providing educational opportunity in our community. Visit [www.LifeScienceCares.org](http://www.LifeScienceCares.org) for more information.
