HOW ARE THE DONATED ITEMS USED?

Donated laptops are sold by students in one of The Possible Project's in-house enterprises, We Sell Possible. Laptops sell for an average of \$40-90 per item, depending on condition. Proceeds support TPP programming and students!

IS THERE A MINIMUM QUALITY STANDARD?

No. We accept laptops in any condition. This includes laptops that are working or broken, and laptops with or without hard drives or operating systems.

IS A HARD DRIVE OR OPERATING SYSTEM NEEDED?

No. Laptops do NOT need to have an operating system or hard drive. We also accept donations of laptops without batteries or power cords.

WHAT ABOUT DATA SECURITY?

We encourage you to wipe personal data, remove pass codes, and restore factory settings before donating your used items. We also accept donations of laptops without hard drives.

DO YOU ACCEPT DONATIONS OF OTHER ITEMS?

YES! We accept donations of small electronics including cellphones, computers, computer monitors/screens, VOIP phone systems, AV technology, LCD projectors, docking stations, spare parts & other peripherals. If you have other items you are considering donating, please contact us for further information!

HOW DO WE SCHEDULE A DONATION?
