LIFE SCIENCE CARES PHILADELPHIA

3675 Market Street, Suite 200
Philadelphia, PA 19104
philly@lifesciencecares.org
www.lifesciencecares.org/philly

Dear Friends and Partners,

On behalf of Life Science Cares Philadelphia, thank you for taking a moment to explore this sponsorship package. We are incredibly proud of how the Underdog Series and accompanying Leadership Lunches are coming together, and deeply grateful to B+Labs for backing this work and creating the space for our community to convene in meaningful ways.

Philadelphia's life sciences ecosystem is built on collaboration, ingenuity, and a shared belief that opportunity should be accessible. With the support of partners like B+Labs, we are able to bring together founders, executives, investors, and community leaders for conversations that are honest, local, and rooted in impact.

Enclosed, you'll find opportunities to support both the Underdog Series and our Leadership Lunch Series. We've intentionally designed these sponsorship options to be accessible, with a range of low-cost entry points that allow companies to participate, show up, and stay connected throughout the year.

For partners looking for a simple, comprehensive option, there is also an all-in sponsorship that brings everything together. For \$10,000, sponsors receive visibility across eight key moments throughout the year, spanning the Underdog Series convenings and Leadership Lunches. It's an easy way to stay present, engaged, and aligned with this work as it unfolds.

Most importantly, every sponsorship directly advances Life Science Cares Philadelphia's mission to disrupt poverty by expanding access, addressing critical community needs, strengthening workforce pathways, and opening doors to meaningful careers in the region's life sciences industry.

We are grateful for your consideration and for the role you play in shaping a more connected ecosystem. We look forward to continuing this work together.

Sincerely,

Jennifer Parrado
Executive Director
Life Science Cares Philadelphia

THE PHILLY UNDERDOG SERIES
