

You got the internship. Now make it count.

What is Project Onramp?

Project Onramp is a structured summer experience designed to help you get more out of your internship.

Through mentorship, workshops, and networking, you'll gain the skills, confidence, and connections that most internships don't provide on their own.

Why Join Project Onramp?

Understand how the industry actually works—from science to business

Get matched with a life sciences mentor for summer guidance

Build a peer and professional network that opens doors beyond your internship

Learn what no one teaches you on the job...

Who Can Join?

- Pell Grant Recipient
- Enrolled at a 4-year University
- Secured a life science internship

There's no cost to participate

Spots are limited! Email kaitlyn@lifesciencecares.org
